scintillating SUPERPOWERS

Students divulge their idea of a flawless superpower

content/design by Ahmin Embil, Natasha Joyce, Emily Marciszewski, and Neil Sachdeva

"I would have teleportation so I could get places fast and I wouldn't have to get up early for school."

Madison Bellus (6)

"I would want to have mind reading so I can know what people are thinking."

Ava Spitler (6)

"I would want to shape shift because I can turn into anything like a person with other powers."

Kennedy Orwig (6)

"I have always been interested in time control, so probably that. I could pause/play time, go forward/backward in time, and make time go fast or slow around me."

Delaney Niven (6)
